MAY 2026

May 1 THURSDAY

OPTION A — CAUSE ORIGIN STORY

Reel or static. Photo of you, personal caption.

"I started Shine for a Cause because..." Tell the real story. Performs best with new followers who don't know you yet.

OPTION B — SERVICE BREAKDOWN CAROUSEL

"Express vs Executive — here's the honest difference."

4–5 slides. Works great for people on the fence about which service to book. Easy to make in Canva.

May 3 SATURDAY

OPTION A — FIRST BEFORE/AFTER OF THE MONTH

Your best recent transformation. Reel if you have video.

"We came to their driveway. This is what we left behind." Side-by-side static works too if no video.

OPTION B — FORT COLLINS CITY POST

"We're based in Fort Collins and we detail everywhere."

From Old Town to Fossil Creek. Show a car with the city in the background if possible. Good for local SEO signal on social.

May 5 MONDAY

OPTION A — EDUCATION: PAINT KILLERS

"5 things silently destroying your paint right now."

Carousel. Bird droppings, UV, automatic car washes, water spots, neglect. Easy to make, saves well, gets shared often.

OPTION B — PRICE TRANSPARENCY POST

"Here's exactly what our Express Full Detail includes."

No fluff, just the facts and the price. People respect businesses that are upfront. Reduces DM friction before booking.

May 7 WEDNESDAY

OPTION A — CUSTOMER TESTIMONIAL

Screenshot a real Google or Facebook review.

Overlay it on a clean shot of a detailed car. Caption: "We let our clients do the talking." Simple and high-trust.

OPTION B — BEHIND THE SCENES

You showing up — unpacking, setting up, getting to work.

"No shop. No drop-off. Just us, your driveway, and a few hours."
Raw and real content builds the most loyal followers.

May 9 FRIDAY

OPTION A — CERAMIC COATING INTRO 🎥

"This is the last protection your car will ever need."

Use your weekend footage here if it's ready. Short Reel of the coating process. Link to book in bio. Best first window for ceramic content.

OPTION B — FAQ POST

"Can you really detail my car at my house?"

Static or carousel busting the top 3 objections people have before booking for the first time. Great for converting lurkers.

May 11 SUNDAY

OPTION A — WHEELS & TIRES TRANSFORMATION

Close-up before/after of wheels. Scroll-stopper.

"People notice wheels before anything else." These are some of the highest-performing visuals in the detailing niche.

OPTION B — CAUSE UPDATE

"Every booking supports recovery programs in NorCo."

Share a specific number — dollars donated, people supported, groups sponsored. The more real and specific, the more people connect with it.

May 13 TUESDAY

OPTION A — INTERIOR DETAIL REEL

Dirty interior → spotless. Highest-performing video type.

Even shaky phone footage works if the transformation is dramatic. These get shared more than any other detailing content.

OPTION B — LOVELAND OR GREELEY CITY POST

"We're in your city. Here's a job we did there."

Call out the area directly. "Loveland — we've got slots open this week. DM us or book at shineforacause.com." Local targeting.

May 15 THURSDAY

OPTION A — "WHAT \$[X] GETS YOU" POST

Pick one service tier and break it down completely.

Every step, every included item. Makes the price feel like a no-brainer when people see everything that goes into it.

OPTION B — CERAMIC COATING AD-STYLE POST 🎥

Cinematic clip of the coating going on, glossy finish.

Dramatic lighting if you can. "Protection that lasts years, not weeks." Second best window for ceramic footage — builds awareness before June opens.

May 17 SATURDAY

OPTION A — BEST BEFORE/AFTER OF THE MONTH

Repost your strongest transformation with a fresh caption.

The algorithm shows it to new people. Don't be afraid to reuse your best content — most followers haven't seen it.

OPTION B — PERSONAL / BRAND STORY

Photo of you working. Real, a little vulnerable.

"I'm not just detailing cars — I'm trying to build something that means something." These get saved and shared more than any result post.

May 19 MONDAY

OPTION A — CLIENT SPOTLIGHT

"Meet [first name]'s [year make model]. Here's what we did."

Short story format. People love seeing their kind of car represented. Makes potential clients picture their own vehicle.

OPTION B — LIMITED AVAILABILITY PUSH

"We have [X] open slots this week."

Urgency without being pushy. Add a before/after from a recent job below it to remind them what they're actually booking.

May 21 WEDNESDAY

OPTION A — CERAMIC COATING DEEP DIVE 📺

Carousel: what it does, what it doesn't, who it's for, cost.

Educational and converts well for higher-ticket bookings. Use footage stills as carousel images if you have them from the weekend shoot.

OPTION B — "WHY MOBILE?" POST

Drive to a shop vs. we come to you. Frame it as obvious.

Compare the two experiences side by side. "Sit in a waiting room for 3 hours or do literally nothing while we handle it." Easy win.

May 23 FRIDAY

OPTION A — WEEKEND PREP CTA

"You've got plans this weekend. Your car shouldn't look like that."

Light, confident, a little funny. Strong call to book before the weekend. Friday posts like this convert fast.

OPTION B — PAINT CORRECTION SPOTLIGHT

Swirl removal under harsh light — before/after.

The before scratches under bright light are shocking. The after mirror finish is jaw-dropping. Some of the best visual content in detailing.

May 25 SUNDAY

OPTION A — MONTH RECAP

"May so far: [X] cars, [X] cities, [X] donated."

Simple graphic or text on a clean background. Builds credibility fast. Real numbers make it feel authentic, not like marketing.

OPTION B — NEW FOLLOWER WELCOME POST

"If you're new here — here's what Shine for a Cause is."

Quick intro to the service, the mission, and how to book. Pin this one to your profile after posting. Great for new traffic from May's content.

May 27 TUESDAY

OPTION A — OBJECTION CRUSHER

"I don't want a stranger at my house."

Address it head on. Talk about who you are, your background, reviews, the cause behind the business. Disarms the biggest barrier to first-time bookings.

OPTION B — ADD-ON SPOTLIGHT

Pick one add-on and show a specific before/after for it.

Odor elimination, engine bay, or headlight restoration. "Most people don't realize we do this." These posts often add \$50-100 to existing bookings.

May 29 THURSDAY

OPTION A — JUNE TEASER + CTA 📺

"June books are open. Ceramic slots are limited."

Clean gold-on-black graphic or a strong Reel clip from your ceramic shoot. Direct link to booking page in bio. End May with momentum into June.

OPTION B — BEST REEL OF MAY

Pull your highest-performing video, repost with fresh copy.

End the month on your strongest content. The algorithm shows reposts to new audiences — don't leave your best work sitting after one run.

CAPTION FORMULA — USE EVERY TIME

- 1** **Hook** — First line, no context. A statement or question that stops the scroll before they see anything else.
- 2** **Story** — 2–3 lines. The detail, what happened, what made this job interesting.
- 3** **Cause tie-in** — 1 line. "And every booking supports recovery programs right here in Northern Colorado."
- 4** **CTA** — "Book at shineforacause.com or DM us." Always end with one clear action.
